# Welcome to the Village Fair 2023

The Rotary Club of Teddington and the Hamptons are very pleased to welcome you back to the Teddington Village Fair after a break of three years due to COVID. We have partnered with the Teddington Society to bring back a Fair with a clear local focus and one which aims to bring the whole community together.

CREATE HOPE  
in the WORLD

The Rotary theme for 2023-2024 is "Create Hope in the World" and internationally we are helping the wider World to heal from

destructive conflicts and the aftermath of a global pandemic. But as a club we work to help support local charities and community groups through fundraising and voluntary work.

We see this, the traditional Village Fair, as an important part of the annual calendar for the "village" of Teddington, helping our community groups keep in touch with all who live locally, and have some fun while doing it. Our stall holders are mainly from the many voluntary services and charities we have in our area. From the Scouts and Guides to charities such as the River Thames Boat Project and United

Response, they are all here to show you what they are doing in the community, to entertain you and coax you to get involved..

## Our helping hands...

Bringing you the Fair is only possible with the help of many of the groups represented here. The Teddington Society, original custodians of the fair, have been key to getting things done and are jointly managing things with us today. Make sure you visit them and find out just why they have been an integral part of Teddington life for 50 Years.

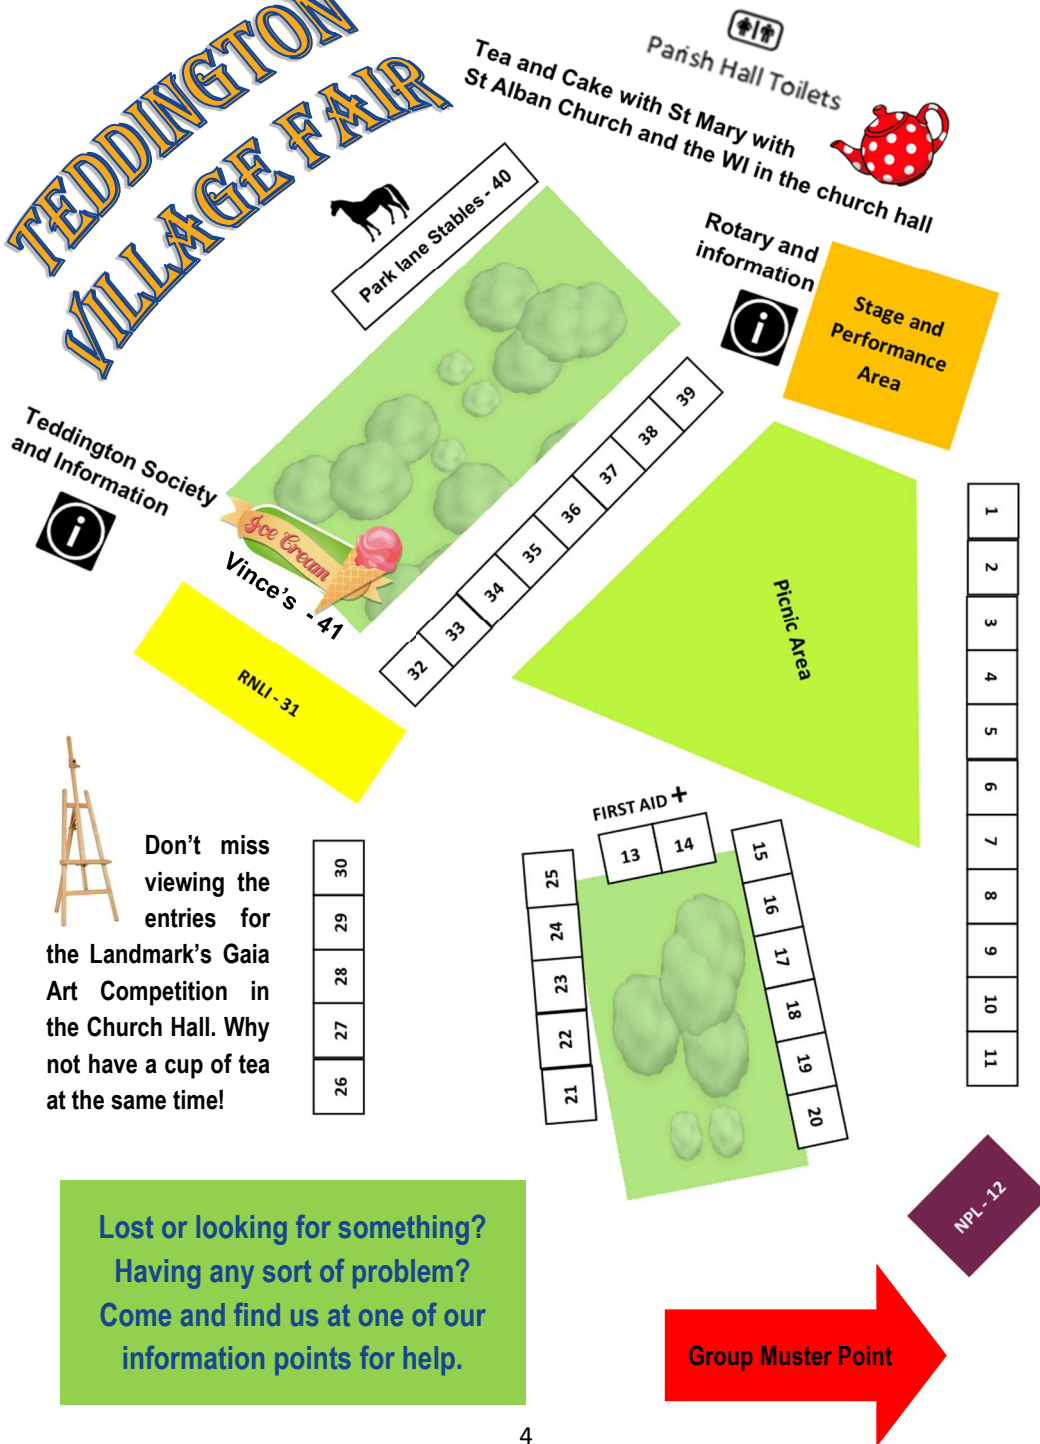

We have also had great support from the Parish of St Mary with St Alban, opening up the church hall for Teas and allowing us to use the facilities and power for our stage is a key part of getting the permissions from Richmond Borough to hold the event.

And of course our local Scout and Guide groups have been hands on with the logistics, bringing us plenty of fun and games to discover.

## Enjoy the Fair!

**Don't miss exciting experiments in the NPL Science tent!**

Situated on the Thames next to Teddington Lock, The Anglers has existed since the mid-18th century. The place was popular among local fishermen, who would spend hours on the river bank. The Anglers still remains a vibrant riverside pub, serving twelve ales and lagers, an extensive wine list, a variety of spirits and, of course, friendly and professional service.

Everyone is welcome at The Anglers, it is a family-friendly space that makes it popular with parents in local neighbourhoods, providing an ideal place for them to enjoy a quality meal. In the summer months, the large garden and outdoor bar are practically bursting with laughter and good-hearted fun, while the cosy fireplaces keep everyone feeling just as merry in the colder winter months.

Covering Teddington and central TW and KT postcodes, Glow can repair defective heating and hot water systems, as well as provide a full system and boiler installation service.

**OUR SUMMER SIZZLER OFFER**  
**£200 off boiler and radiator system**  
**installations for the month of August!**

## LIME, BRICK, STONE, LEAD & PAINT.

We specialise in all aspects of Georgian, Victorian and Edwardian period restoration. Everything from brick cleaning, tinting and traditional lime pointing to feature walls, fireplaces, boundary walls and complete exteriors.

We also cover all aspects of roofing and decorating, as well as more specialised trades such as leadwork and stonework.

Our skills and techniques are extremely sympathetic to those used historically, with our preference being to maintain the period form and function of a property, rather than using inferior modern methods and materials.

A special thank you to the team from the Basement Door who are responsible for the sound systems at today's event. They have been running youth events for more than 15 years and became a registered charity in 2018. Based in Twickenham, they use their expertise and resources to help young people fulfil their potential and have fun through music.

They encourage a wealth of local talent and have brought a number of acts with them to entertain us today.
